Dear Ms. Benjamin:

I am responding to your December 8, 2014 letter addressed to President Napolitano and me. I understand from your letter that you are concerned that UC faculty may promote the Boycott, Divestment and Sanctions (BDS) movement in the classroom and that you are seeking clarification as to whether the Regents Policy on Course Content applies to UC faculty members. In response to your question, the Regents Policy on Course Content does apply to UC faculty members.

Thank you for your concern.

Cordially,
