

Message to the UC Berkeley campus community re: antisemitic posters on campus following controversy surrounding DeCal Course

September 22, 2016

Antisemitic posters on campus

This week a number of posters have appeared on campus that include anti-Semitic rhetoric. The language used violates our [Principles of Community](#), as well as the [Regents' Principles Against Intolerance](#).

In accordance with our well known 'time, place, and manner' rules, we have instructed that the posters be removed. We urge all in our campus community to use this opportunity to reinforce our values as a campus, and to [report any further incidents](#).

We will continue to do everything in our power to ensure we have a campus climate that is safe, welcoming, and respectful for all.
