

S. 17-5 A Resolution Calling for Tufts University to End Investments in The Israeli Occupation

WHEREAS Israel has forcibly removed and continues to remove Palestinians from their homes and land, continues to build illegal settlements on Occupied Palestinian territory, as defined by UN Resolution 242, and has been condemned by the International Court of Justice, the UN General Assembly, and the UN Security Council;^{1 2 3}

WHEREAS a recent United Nations report states that Israel has established “an apartheid regime that oppresses and dominates the Palestinian people as a whole”;⁴

WHEREAS in 2005, 170 Palestinian unions, political parties, refugee networks, women’s organizations, professional associations, popular resistance committees and other Palestinian civil society bodies called for “international civil society organizations and people of conscience all over the world to impose broad boycotts and implement divestment initiatives against Israel similar to those applied to South Africa in the apartheid era”;⁵

WHEREAS the goals of these boycotts and divestment campaigns are three-fold: “ending Israel’s occupation and colonization of all Arab lands and dismantling the Israeli-West Bank separation wall, known as the Apartheid Wall by many Palestinians; recognizing the fundamental rights of the Arab-Palestinian citizens of Israel to full equality; and respecting, protecting and promoting the inalienable rights of Palestinian refugees to return to the homes and properties from which they were expelled in 1948 as stipulated in UN resolution 194”; [hyperlink to UN resolution]

WHEREAS as stated in its mission statement, Tufts University has a responsibility to prioritize civic engagement and to be a place where students “distinguish themselves as active citizens of the world”;⁶

WHEREAS historically, divestment from apartheid South Africa proved to be a key step in non-violent resistance towards ending legal apartheid in South Africa;
